

Come one, come all! 7th annual Founders Day

The pandemic has caused us to change the annual celebration of our founders but it has not changed our enthusiasm for our founders or the great history of our special Town!

Instead of a one-day celebration, we will honor our past during the full month of August! You will find articles and information about our deep history and its importance to the founding of our country. Each week a different story will be presented in writing, videos of former plays revisited and past celebrations remembered.

Let August be declared “History Month in Urbanna”

Celebrate Urbanna’s history all month

In print in the Southside Sentinel Newspaper

Online at: ssentinel.com and Urbanna.com
